

DISTRIBUTION GROUP

## THE CLEAR CHOICE OF TODAY'S LEADING AEROSPACE COMPANIES

### RTI REAMET AND RTI INTERNATIONAL METALS LTD. ARE *YOUR* EUROPEAN SUPPLIERS OF CHOICE

Established for more than 30 years in Europe, RTI International Metals European distribution facilities are positioned within the heart of the continent's aerospace, biomedical and chemical industries.

RTI Reamet and RTI International Metals Ltd. continue to maintain a recognized high level of service for the supply of titanium and associated added-value products throughout the supply chains of these industries.

In addition to servicing the 'local' European markets, RTI's European facilities also serve other diverse markets including China, India, South Africa and the Middle East.

## TITANIUM & MORE

### SERVICING AND SUPPORTING *YOUR* REQUIREMENTS

A team of 75 experienced industry professionals ensure the efficient review and management of all customer requirements for the complete supply chain from quotation, and contract management, to production, logistics and delivery.

The two facilities in Europe offer more than 13,000 m<sup>2</sup> of modern warehouse space and are dedicated to the on-time and in-full delivery of titanium products to our customers.

RTI has invested extensively in state-of-the-art processing equipment and logistics systems to ensure that our customers receive products supplied precisely to their required specifications.

Our success is predicated by our customers' satisfaction and success, and we remain committed to providing world-class support and service irrespective of where in the global market they are located or the value of the order.

As a subsidiary of RTI International Metals Inc. (USA), we are supported financially and technologically by a world leader in titanium manufacturing excellence, allowing us to continue to service these markets securely and with expertise.

## VALUE

RTI has extensive machining and measuring capabilities, enabling the European operations to provide seamlessly integrated supply chain solutions with optimum raw material utilization.

## PROVEN IN-HOUSE CAPABILITIES

- Sawing (13 saws)
- Shearing (1 Shear)
- Water Jet Cutting (3 Water Jet Machines)
- Prismatic Machining (8 CNC Machining Centers)
- Billet Chamfering
- Inventory Management
- Supply Chain Management
- Extensive Tailored Inventory

## PRODUCTS (details available upon request)

- Titanium Alloy Sheet (0.3 to 6mm)
- Titanium Alloy Plate (5 to 101.6mm)
- Titanium Alloy Bar (12 to 90mm)
- Titanium Alloy Billet (90 to 355.6mm)
- Titanium Commercial Pure Sheet (0.4 to 3mm)
- Bespoke Titanium Alloy Extrusions

## MATERIALS (include but not limited to)

- Ti 6Al 4V
- Ti 6Al 4V Eli
- Ti 6Al 2Sn 4Zr 2Mo
- Ti 6Al 6V 2Sn
- Ti 6Al 2Sn 4Zr 6Mo
- Ti Beta C™
- Titanium 10V 2Fe 3Al
- Titanium CP Grades 1, 2 & 4
