

DISTRIBUTION GROUP

## THE CLEAR CHOICE FOR HIGH-PERFORMANCE METALS

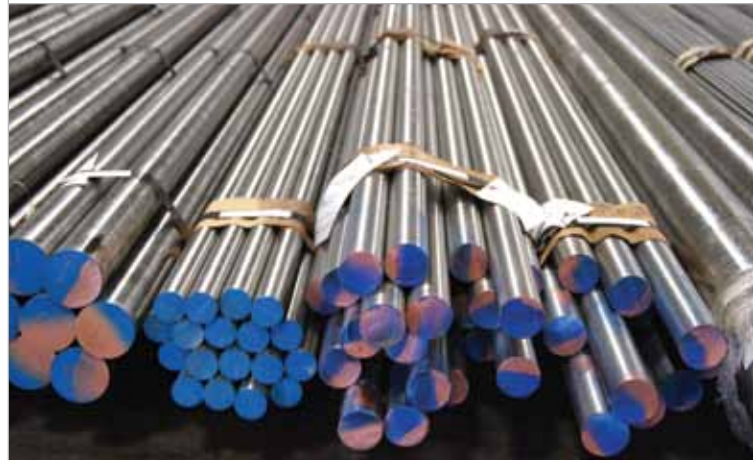

### RTI METALS DISTRIBUTION GROUP IS YOUR NORTH AMERICAN SUPPLIER OF CHOICE

RTI International Metals is a leader in the production of Titanium alloys, but the story doesn't end there...

RTI Metals Distribution in North America is a full-service stocking distributor of our Titanium mill products as well as Nickel-based alloys, stainless and alloy steels. Our product offering supports a vast array of industries and applications that demand the use of the high-performance metals we have in stock every day.

## TITANIUM - NICKEL - STAINLESS - ALLOY STEELS

### DIVERSITY THROUGH DISTRIBUTION

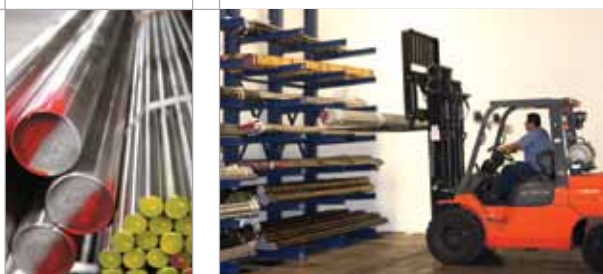

RTI Metals Distribution supplies Nickel-based alloys, stainless and alloy steels from many of the world's top materials producers. Our accreditations and approvals combined with our value-added distribution capabilities create a powerful supply chain allowing us to provide the consumer with world-class materials, quality and service.

Our Metals Distribution roots span more than 30 years with four stocking locations in North America encompassing more than 175,000 square feet of warehouse space. An experienced team of industry professionals ensures that your requirements are met from quotation through delivery.

Our success is predicated on our customer's satisfaction and we are committed to providing world-class support and solutions to our global customers. Contract management, logistics and value-added services provide a dynamic partnership.

Our diverse high-performance metals inventory allows us to participate in the following markets:

- Aircraft Engine – Fixed Wing and Rotor
- Air Frame – Fixed Wing and Rotor
- Defense – Land, Sea and Air
- Land-Base Turbine
- Landing Gear
- Oil and Gas
- Biomedical

## DISTRIBUTION GROUP

# PERFORMANCE

RTI Metals Distribution Group has an extensive inventory of Nickel-based alloys, stainless and alloy steels as well as our signature RTI Titanium sheet, plate and bar products. Our four U.S. locations allow for superior supply-chain focus with just-in-time delivery and program management. Our production and processing capabilities provide additional value-added services.

### IN-HOUSE VALUE-ADDED SERVICES

- Sawing (Bar & Plate) and Shearing
- Water Jet Cutting
- Stocking Programs
- Next Day Service + Local Delivery
- Inventory Management
- Long-term Programs

### ACCREDITATIONS AND APPROVALS (details available upon request)

- AS9100
- ISO9001
- Airbus
